

ConnectCOS

TRANSPORTATION PLAN FOR A **MOBILE** COMMUNITY

OVERVIEW

ConnectCOS will lay out the next 20 years of transportation planning, infrastructure, and improvements in Colorado Springs, bringing to life the goals, ideas and community values established in PlanCOS.

The plan will take place over 2020-2021 and will involve a significant technical analysis, and robust community engagement effort, to identify and prioritize short and long-term transportation projects to ensure that people that live, work and play in Colorado Springs have an opportunity to participate in the study.

WE WANT TO HEAR FROM YOU!

Please fill out our ConnectCOS Survey to share your thoughts on transportation in Colorado Springs

Please visit <https://coloradosprings.gov/connectcos> and **fill out our survey by September 11 to share your thoughts on transportation in Colorado Springs.** Here, you can also learn more about the project and sign up for updates on the 'Get Involved' page.
